Letitia Frye Auctiontainer

Known as America's foremost "Auctiontainer", Letitia Frye is celebrating fifteen years and over \$500 million dollars raised in the fundraising industry. Her unique style, passion and uncanny ability to memorize content give way to engaging performance at each event. Letitia performs on stages all across America and is passionate, not only about the performance behind her fundraising, but in her time spent volunteering with her clients as well. Letitia's commitment to the organizations and individuals they serve set her apart from the rest. In Addition to charity auctions, Letitia is now a professional speaker and published author of the critically acclaimed book, No Reserve. Letitia travels the country speaking on business, leadership, and living life to the fullest in the face of adversity. Letitia is thrilled to be back working with Lost Our Home and is a LOH mom to adopted pup Fozzie Bear!

Keeping families together, forever.

A house fire destroyed Flora’s home, and while she had a place to stay in Texas, her beloved dog Jumbo could not come with. After all they had been through, would Flora be forced to give up her best companion too?

Thanks to Lost Our Home and our 90-day Temporary Care Jumbo had a safe place to stay while Flora rebuilt her home - and her life. Jumbo came into our care and quickly found his way to a foster home where he was able to get all the love and care he could possibly want. Flora checked in weekly to see how her beloved pup was, and give updates on her situation.

Nearly two months after they were first separated, Flora’s home was ready for move in. All it was missing was Jumbo. Flora returned to Lost Our Home, and through the tears and cheers, the family was together once again.

Rescue and Adoption: We rescue pets found stray or abandoned and whose owners are forced to surrender them due to life circumstances. We find these pets new, loving homes.

Temporary Care Program: We provide up to 90 days of pet care for pet parents experiencing a life challenge or crisis such as job loss, homelessness, domestic violence, illness, injury, or hospitalization.

Domestic Violence Pet Companion Shelter: In partnership with Sojourner Center, we manage the daily care of a Pet Companion Shelter on the campus of their domestic violence shelter, so families fleeing abuse can keep their pets with them while they heal.

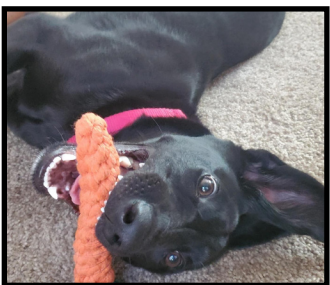

Lost Our Home
PET RESCUE
Helping people. Saving pets.

Pet Food Bank: We provide pet food and supplies to families who are temporarily unable to afford them.

Pet-Friendly Rentals Program: We work with a network of REALTORS who locate rental properties for challenges due to breed restrictions or number of pets and they donate 100% of their commissions to cover pet deposits.

Low Income Boarding: We offer low-cost boarding services to those who cannot afford traditional boarding rates.

Lost Our Home Provides Support During the COVID-19 Crisis.

Our goal is to help as many needy pets and pet parents as we can, but with COVID-19 causing so much uncertainty of funding for our programs, we can only plan for rescues for which we have funding. This is why funding support is even more critical now than ever before.

Maricopa County and Pet Friendly Rentals

Over 4 million people call Maricopa County home, but according to the MLS system **less than 8% of rental properties in Maricopa County are pet friendly.** While this does not include rental properties not listed on MLS, it is nearly impossible for families to find affordable housing that will accept their pets.

Phoenix and the Housing Crisis*

Even with an eviction moratorium, Phoenix currently leads the nation in eviction filings, and research shows we are heading toward a housing crisis three times worse than the housing crisis of 2008. Coupled with COVID-19, we are headed for a perfect storm.

The Rise of Pet Abandonment and Owner Surrenders

We are already feeling the effects of what COVID-19 and the resulting financial fallout is doing to families in our communities, and we haven't even hit the peak yet. Lost Our Home is receiving more applications than ever before for owners looking to permanently surrender their pets and from people who have found pets abandoned in homes without food, water, or care.

Our Temporary Care Program

Our innovative 90 day Temporary Care Program provides pet care for families facing crises like illness, homelessness, and domestic violence. Without this program, pet owners are often faced with the difficult decision to prolong their crisis or permanently surrender their pet at a time when they need their companionship the most. This program routinely has a **waiting list of 50 pets** in pre-coronavirus times. Currently the wait list has **increased to 165 pets** because COVID-19 and the resulting financial and housing crisis has greatly increased the number of applicants seeking support. We can only serve a percentage of applicants due to space and financial constraints. In order to stay at our current intake level, we need an increase in financial support.

Have fun and help!

There are various other many ways that you can help pets every day from the comfort of your own home, workplace, or community.

Sponsor a Pet

Help a pet in need through sponsorship! Create a fundraiser to sponsor a specific pet or to raise money for pet medical costs.

Organize a Fundraiser

Many employers sponsor workplace-giving campaigns through which employees can elect to make payroll deductions to selected charities. Encourage your employer to participate in such a campaign and ask for Lost Our Home to be your charitable donation of choice. What an easy way to help homeless pets find the care and compassion they need! Be sure to check if your company matches workplace gifts, enabling your donation to have greater impact.

Food Drive

As a nonprofit organization, Lost Our Home is able to care for thousands of pets each year thanks to the kind donations from people just like you. You can help by: organizing a FUNdraiser; having a Gift Drive; collecting pet supplies, or all three! By organizing a gift drive and donating items from our wish list, you directly help pets get the love and care they deserve.

A Moment of thanks from Founder, Jodi Polanski

It would be an understatement to say that 2020 has been a difficult year. We have all faced fears, uncertainty, and even isolation during this unprecedented pandemic. It would have been understandable for our supporters to decrease their commitments to Lost Our Home while balancing a new normal. Instead, our community came together, to selflessly help those facing even more hurdles and hardships.

At Lost Our Home, myself and my team often say, “We can’t do this without you.” and it’s true. Without the help of each and every person who supports our organization, we would not be able to do the life saving work we do, and thank you doesn’t quite encompass all the gratitude we have.

To all the donors that gave selflessly, even with the fear of financial uncertainty in their own lives, you paid for medical for sick pets, daily care for pets whose families were escaping domestic violence, and helped homeless pets find new loving families.

To all the fosters who so graciously opened their doors and their hearts to pets, whether it be a few days so a pet doesn’t spend a holiday alone, or three months while their family gets back on their feet, and everywhere in between, your generosity is appreciated more than you know. You not only gave a pet in need a safe, loving home, you helped us create more space at the shelter to help combat the ever growing request for pet care.

To all the volunteers who have dedicated thousands of hours this year bringing kindness, compassion, and love to pets at Lost Our Home, you are crucial members to this operation. We have so enjoyed celebrating milestones like when a scared cat sought a loving hand for the first time, or when a rambunctious pup learn new commands, and when tears of joy were shed when that special pet found their perfect family. Even with all the hardships this year has brought, your tenacious spirit gave us hope for brighter days ahead.

To our board members who have continued their commitment to making the lives of pets better, all the while juggling their own personal and professional commitments that have drastically changed throughout 2020, we would be lost without your guidance and creativity. You have championed our cause and been laser focused on finding new, creative ways to help more pets this year than we ever thought we would.

And to the staff at Lost Our Home. I know how hard this year has been. Not only dealing with the fears of COVID-19, but working harder than ever to help an increased number of pets and people needing our services. I know it hasn’t always been easy, but you never gave up and found new ways to help place pets in to loving forever homes, find new foster parents, and increase donations to care for the shelter. You have brightened the lives of thousands of people this year alone.

They say it takes a village - usually when referring to raising children - but for so many people, pets are integral members of the family, so the saying fits. And without this village of supporters, coming together each and every day no matter the obstacles, Lost Our Home would not be the
