When people are facing times of crisis that jeopardize their ability to care for and provide for their pets, we are here to help with the following programs.

Rescue & Adoption Program

For owner-surrendered, abandoned pets, and homeless pets

Domestic Violence Program

Valued partnerships with several domestic violence shelters to serve victims and their pets. LOH also designed a unique pet companion shelter on the largest domestic violence shelter campus in Phoenix, and now delivers daily pet care at that facility.

Temporary Care Program

For pets in need of up to 90 (sometimes 120) days of shelter, medical care, food, and enrichment due to pet parents experiencing a crisis such as domestic violence, homelessness, foreclosure, eviction, medical needs (physical/mental health requiring hospital or rehabilitation facility stays), house fires, and other life challenges.

Pet Food Bank Program

No pet should ever go hungry, and no pet parent should have to suffer the stress of not being able to provide a basic necessity for their beloved pet. Through our pet food bank, we provide a safety net that helps pet parents who temporarily cannot afford to feed their pets.
