PET RESCUE

Helping people. Saving pets.

About Us

Lost Our Home Pet Rescue's mission is to provide compassionate services to pets and people in crisis. Our vision is a world in which all pets have loving homes and are treated with dignity and respect. Now people don't have to choose between helping their pets and getting the help they need.

For pets & pet owners in crisis situations, we offer the following programs:

Rescue for Abandoned or Owner Surrendered Pets:

Foreclosure and eviction often lead to pets being abandoned without food, water, and shelter. We give these forgotten friends the comfort and care they need and the opportunity to find the new loving home they deserve. Pet parents who can no longer care for their animals can take solace in knowing that their pets will be safe in our shelter and that we will work hard to find them loving homes.

Temporary Care Program:

Lost Our Home has the most comprehensive program in the Valley that offers temporary pet care due to crisis situations. For pets in need of up to 90 (sometimes 120) days of shelter, medical care, food, and enrichment due to pet parents experiencing a crisis such as domestic violence, homelessness, foreclosure, eviction, medical needs (physical or mental health requiring stays in hospital or rehabilitation facilities), house fires, and other life challenges.

Domestic Violence:

Statistics show that 40% of women will not leave an abusive situation for fear of what would happen to their pet(s) if left behind. That fear is real. Statistics show that 85% of women and children entering a shelter report that their abuser had threatened, injured, maimed, or killed the family pet for revenge or psychological control. Yet only 3% of domestic violence shelters nationwide are able to accept pets. That is why Lost Our Home Pet Rescue specializes in helping domestic violence victims with their pets. Whether someone has a place to stay with family or friends, or if they must go to a shelter, rest assured Lost Our Home is here to provide temporary housing for their pet(s) until they find a safe, permanent home.

Pet Food Bank:

No pet should ever go hungry, and no pet parent should have to suffer the stress of not being able to provide a basic necessity for their beloved pet. Through our pet food bank, we provide a safety net that helps pet parents who temporarily cannot afford to feed their pets.

LOH has grown substantially to become an integral part of the community, and delivers not only life-changing, but also lifesaving, programs that are breaking new ground in how pet rescue organizations today are interfacing with many of society's challenging needs. We've served nearly 30,000 pets and are poised and ready to serve thousands more. And we simply, cannot do it without your help.

We are so grateful and excited that you have chosen to learn more about how you can support Lost Our Home Pet Rescue.

Lost Our Home's Sit. Stay. Brunch. is our biggest fundraising event of the year, allowing us to serve pets and people in crisis throughout the valley.

This annual event kicks-off the holiday season with hundreds of pet lovers coming together to raise important funds for shelter. It's an excellent opportunity for old and new friends to learn more about the shelter and our unique programs: Rescue for Abandoned or Owner Surrendered Pets, Temporary Care Program, Domestic Violence Program & the Pet Food Bank Program.

Every year attendees unleash their sparkle while they enjoy a delicious brunch, sparkling champagne, a top-notch silent auction, a fun live auction, and share in some of our most impactful and inspiring stories of hope while witnessing some adorable and adoptable dogs on the catwalk! In addition, each year our guests help us honor and celebrate a person or organization that has made an extraordinary contribution to pets in Arizona with our Pet Champion Excellence Award.

Lost Our Home Pet Rescue's Annual Sit. Stay. Brunch raises critical funds needed to support our unique programs so we can continue to provide for all pets and people in our community when they need us most.
